

Tutorials Library

Level: **Beginner** · Runtime: 0:18 · Components: Search, Filters, Transcripts, Lesson Notes

Overview

The Tutorials library is your shortcut to mastery — short, voiced walkthroughs for every feature, organized by pillar.

Learning Objectives

- Search and filter the library by pillar, component, or level
- Open one tutorial per pillar this week
- Download lesson notes for offline study

Key Points

- All 12 tutorials are voiced and under 30 seconds.
- Each tutorial ships with a transcript and PDF lesson notes.
- Filters help you find the exact component fast.

Action Items

- Bookmark this library.
- Filter by your weakest pillar and binge it.
- Download three lesson-note PDFs.

Transcript

The Tutorials library is your shortcut to mastery. Short, voiced walkthroughs for every feature, organized by pillar. Watch, replay, and download transcripts. Whenever you forget where a button lives, the answer is one tutorial away.
